Professional Development Opportunities

for School Personnel

Coordinated School Health Services Cadre of Trainers

Connecticut State Department of Education

Coordinated School Health Services Cadre of Trainers

These workshops are designed for:

- School administrators
- School counselors
- School nurses
- School psychologists
- School social workers
- Paraprofessionals
- Related service personnel
- Teachers

These workshops can be offered on-site, regionally, or as part of a conference. Workshops may be scheduled as an after school event or part of planned professional development offerings. Trainings are available in two- or four-hour sessions.

Workshop Topics

- Asthma Management for Schools
- Documentation: Implications in School Health
- Food Allergies at School
- Pandemic Flu: Preparedness for Schools
- Risk Management: Delegation for Schools
- School Nurse Competencies: A Link to Student Success
- Self Injurious Behaviors
- Understanding 504

Other school health topics upon request

The Cadre provides:

- Trained facilitators
- Individual resource packets
- CEUs

Who is the Cadre of Trainers?

The Cadre is a select group of school nurse leaders from local school districts, regional educational service centers (RESA), local health departments, and state agencies. As trained facilitators, they are committed to providing quality professional development to promote student health and academic achievement.

These programs are sponsored by the State Department of Education in collaboration with the Association of School Nurses of Connecticut, RESAs, State Education Resource Center (SERC), local school districts and local health departments.

What will the Cadre provide?

This Cadre will provide current information through interactive, research-based workshops that promote best practices within the context of School Health. The goal of this project is to offer professional development designed to increase skills and raise awareness about health and mental health services in schools.
