

Water must comply with Section 10-221q of the Connecticut General Statutes (C.G.S) and the USDA Smart Snacks nutrition standards for competitive foods. Water can be plain, flavored or carbonated, but cannot contain added sugars, sweeteners, artificial sweeteners or caffeine. These requirements apply to all public schools, regardless of whether the district implements Healthy Food Certification (HFC) under C.G.S. Section 10-215f.

This list includes products that comply with STATE AND FEDERAL requirements. Product formulations and packaging can change. **The nutrition information below is based on the package label or manufacturer information supplied at the time of product review.** If this information does not match the product label, please submit the product's nutrition information to the CSDE. For more information, see *Submitting Food and Beverage Products for Approval* (www.sde.ct.gov/sde/lib/sde/PDF/DEPS/Nutrition/FBList/SubmitProduct.pdf).

The CSDE's *List of Acceptable Foods and Beverages* is updated regularly and is subject to change. To assist in identifying new items added since the previous edition of this list, the manufacturer and food item (first two columns) of all new items are highlighted in pink. For contact information for listed vendors, see *Contact Information for Vendors* (www.sde.ct.gov/sde/lib/sde/PDF/DEPS/Nutrition/FBList/VendorContact.pdf).

For additional information on complying with the state beverage statute, see *Allowable Beverages in Connecticut Schools* and *Questions and Answers on Connecticut Statutes for School Food and Beverages* on the CSDE Beverages Web page at www.sde.ct.gov/sde/cwp/view.asp?a=2626&q=322418.
