

(SCHOOL DISTRICT LETTERHEAD)

Date: _____

Bureau of School Facilities
State Department of Education
165 Capitol Avenue, Room 258
Hartford, CT 06106

Subject: Granular Accessible Routes
Facility Name _____
State Project No. _____

This letter shall serve as notice that in conjunction with the plans and specifications for the design of the above mentioned school building project, this School District has a long-range maintenance program to keep the accessible routes' surfaces (including hardened gravel or stone dust surfaces) in compliance with federal accessibility laws. We will maintain the accessible routes to be stable, firm, and without abrupt changes in level greater than ½ inch, including upward protrusions and downward depressions. The surface shall also be maintained to ensure that the accessible routes' slopes shall be 1:20 (5 percent) or less, and the cross slope shall not exceed 1:50 (2 percent).

Sincerely,

Dr./Mr./Mrs. _____
Superintendent of Schools

cc: Local Board of Education
