- Third largest DPI CAPT increase across Alliance Districts between 2012 and 2013

Derby – Problem of Practice

- Creating an environment of respect and a culture of high expectations through our work as a Year 1 PBIS School.
- We held weekly Community Meetings where students were recognized and classrooms shared their learning through a presentation of authentic student work. This built a high-level of student pride in their work.
- There was an issue with the lack of student motivation and confidence. We created a lunch bunch group that met regularly with our Parent Liaison who worked specifically on developing these skills. We created student leadership roles in the school.

Derby – Responding to a Problem of Practice

- Daily common planning time, held grade-level meetings weekly, and conducted data teams monthly.
- We monitored student attendance and behavior data regularly. We found alternatives to suspension and held frank conversations with parents who were not sending children to school regularly.
- We purchased 1,200 new books for our library with a strong emphasis on culturally diverse texts. We planned cultural events at the school including dance performances, puppet shows, and concerts to connect with our student's backgrounds.
- We talked openly at faculty meetings about addressing the learning needs of our students with an emphasis on the needs of high poverty students and families.
- Implemented Freshmen Academy and interventions that are put in place early for any struggling students.
- Benchmarks -authentic CAPT-like assessments for all freshmen and sophomores that yield data to drive instruction as it relates to CAPT skills and content.
- Modified our schedule to accommodate real length CAPT assessments.

Recommended Next Steps for Districts

Identify your district's Turnaround, Review, and Focus schools

Determine which grant/approach may be most prudent for each school, considering factors such as leadership capacity, potential partnerships, academic program, etc.

If your district has multiple schools eligible for grants, consider conducting a local competition to incentivize school teams to develop robust school improvement plans

Allocate Alliance and Priority School District funding for the district's Turnaround, Review, and Focus schools

The school is a professional work environment. Most staff are prepared to start the school day on time with appropriate instructional materials ready to go. Most individuals feel responsible for their work. Most teachers were formally evaluated at least 3 times in 2012-13 in alignment with SED expectations. Leaders provide feedback and hold individuals accountable for effort and results.	200% of staff are prepared to start the school day on time with appropriate instructional materials ready to go. Option A: District Self-Diagnostic and Year 3 Priorities Planning

A. District Self-Diagnostic Tool					
<p>Instructions: Complete the district self-diagnostic tool below as part of the Year 3 needs analysis process. Reflect upon district system, processes, and performance in each of the categories outlined below. Rate the district as "1 - Needs Improvement, 2 - Developing, 3 - Proficient, 4 - Exemplary" using the rating key shown at right. After completing the self-assessment, prioritize the activity as a low, medium, or high reform priority for the 2014-15 academic year. Please complete the self-diagnostic as accurately and honestly as possible.</p>		Rating Key			
		1 - Needs Improvement	Weak or nonexistent district systems and practices; poor and minimal implementation.		
		2 - Developing	Some district systems and some institutionalized practices; inconsistent and moderate implementation.		
		3 - Proficient	Solid district systems and largely universal practices; relatively high and consistent implementation across sites.		
		4 - Exemplary	Excellent district systems with universal practices; excellent implementation and commitment to continuous improvement.
