8:00 am to 12:00 pm

The CT State Department of Education is sponsoring a statewide forum on "Connecticut's Vision for Implementing the Common Core State Standards."

Participants will learn how the Standards are transforming teaching and learning and how the Standards are linked to a new generation of assessments for Connecticut.

As a result of taking part in this forum, participants will:

- Learn how the Common Core State Standards are transforming teaching and learning
- Gain understanding of what student learning experiences should look like in the classroom
- Discover tools and resources for implementing Common Core Standards
- Learn about the status of a new assessment system based on the Common Core State Standards

This event is sponsored by the Connecticut State Department of Education.

Audience: Administrators, Curriculum Specialists, All Teachers

Participants are encouraged to attend in teams. All participants must pre-register online by September 16, 2011.
