| DESCRIPTION | <p>Project Explore, Wolcott Public Schools' Gifted Program, is designed to further develop each student's critical and creative skills while challenging them to apply their abilities and talents. The program consists of a variety of activities at different grade levels.</p> <p>Fourth and fifth grade students participate one full day a week in the Project Explore Center at Wakelee Elementary School. Sixth, seventh and eighth grade students spend two periods every sixth day in Project Explore Center at Tyrrell Middle School. At Wolcott High School, high school students have professional career mentors and participate in AP and Honors Courses. These activities help Project Explore students to take full advantage of their public school experience.</p> |
