| DESCRIPTION | <p>The Danbury program for gifted students recognizes the presence of creativity, above average abilities and task commitment to be the indicators of giftedness.</p> <p>Services of the gifted program teachers are provided to identified students in grades 4 through 8. Elementary students are transported to a resource center for two hours per week. Additional in-school service is provide by school teams of the gifted program teacher, the classroom teacher and the school library media specialist. Middle school students are served by a gifted program teacher in each of the two middle schools through pull out activities. In addition enrichment activities are offered to non-identified students in elementary schools by the school teams and in the middle schools through revolving door activities by the gifted program teacher.</p> |
