

Why NGSS?

We are looking for K-12 educators who are fairly new to NGSS to join us for a **free** two-day pilot workshop that will introduce the Next Generation Science Standards. Breakfast and lunch are included and parking will be validated. This workshop is not recommended for those who have had multiple days of pedagogy-intensive PD.

When: Thursday, June 23rd, and Friday, June 24th from 8:30 a.m. to 3:30 p.m.
Participants must be able to attend both days

Where: Goodyear Room (322)
CCSU Institute of Technology and Business Development
185 Main St, New Britain, CT 06051

During the workshop participants will be led through immersive NGSS experiences as adult learners. There will be small and whole group discussions as well as limited exploration of the standards documents.

Register online at: www.surveymonkey.com/r/whyngssworkshop

Please note: Space is extremely limited, but if you are unable to join the pilot, additional workshops are planned throughout the state through June 2017, *also at no cost.*
