

NCSC Phase 1 Pilot Test School Registration Form

Thank you for your interest in **National Center and State Collaborative (NCSC) Alternate Assessment of Alternate Achievement Standards (AA-AAS) Phase 1 Pilot Test**. The success of this pilot test depends on the cooperation of schools like yours.

The NCSC Pilot Phase 1 provides an opportunity for teachers and students to learn more about the NCSC AA-AAS. In addition, participation in the pilot test provides teacher test administrators with training and practice with the test administration procedures for the various item types. Student participation in the NCSC Phase 1 Pilot Test is critical to the development of the NCSC operational AA-AAS and serves as an important component of your state's transition to an alternate assessment aligned to the Common Core State Standards.

Please complete the School Registration Form shown on this page to indicate your commitment to participating in the pilot test.

TO COMPLETE THIS FORM, please have the following information ready:

1) Contact information for the principal/designee, test coordinator, school site, special education and technology lead

2) Eligible student counts per grade level.

You will not be able to save as you go.

Participation in the study is limited, so we encourage you to complete this Registration Form as soon as possible. If you have questions, please contact your **NCSC State Coordinator** or NCSC_SampleAcquisition@ctb.com.
